May Test (2024)

Class :VIII

Subject : Social-Science

Set-A

M.M:20

Time: 50 min.

Name: _____

Class: _____

Roll no: _____

Q.No.	Questions	Marks										
Q1.	The resources which takes millions of years to renew are known as- (a) Potential resources (b) Abiotic resources (c) Renewable resources (d) Man Made resources	1										
Q2.	Match names given in column A with the related information given in Column B and choose the correct option given below as the answer. <table border="1"><thead><tr><th>Column A</th><th>Column B</th></tr></thead><tbody><tr><td>I. Bal Gangadhar Tilak</td><td>a) AnandMath</td></tr><tr><td>II. Subhash Chandra Bose</td><td>b) You give me blood I will give to you freedom</td></tr><tr><td>III. Mahatma Gandhi</td><td>c) Vernacular paper Kesari</td></tr><tr><td>IV. BankimChandra Chattopadhyay</td><td>d) My experiments with truth</td></tr></tbody></table> A) I-c ,II-b ,III-a ,IV-d C) II-a ,I-b ,III-c ,IV-d B) III-a ,I-b ,II-d ,I-c D) IV-d ,III-b ,II-a ,I-c	Column A	Column B	I. Bal Gangadhar Tilak	a) AnandMath	II. Subhash Chandra Bose	b) You give me blood I will give to you freedom	III. Mahatma Gandhi	c) Vernacular paper Kesari	IV. BankimChandra Chattopadhyay	d) My experiments with truth	1
Column A	Column B											
I. Bal Gangadhar Tilak	a) AnandMath											
II. Subhash Chandra Bose	b) You give me blood I will give to you freedom											
III. Mahatma Gandhi	c) Vernacular paper Kesari											
IV. BankimChandra Chattopadhyay	d) My experiments with truth											
Q3.	In which one of the following cities Victoria memorial terminus is located? a) Kolkata b) Mumbai c) Delhi d) Haryana	1										
Q4.	Amrita bazar Patrika was originally published in which language out of the following Vernacular languages (a) Punjabi (b) Marathi (c) Bengali (d) Sanskrit	1										
Q5.	Identify the pair from the following which is correctly matched. (a) Hoover valley Project- Canada (b) Hiraakud dam - India (c) Aswan - Amrica (d) Damodar river valley project- USA	1										
Q6.	Which of the following statement is incorrect regarding Gandhi Smriti.? (a) Gandhi Smriti has a library with around 600 books. (b) Gandhi Samriti is the biggest museum in Delhi. (c) Gandhi Samriti has a library with around 6000 original photographs of Gandhiji	1										
Q7.	What type of source of information does the Digital South Asia Library provide? (a) Administrative reports (b) letters (c)Internet databases (d) Newspaper	1										
Q8.	The East India Company was established as- (a) Trading company (b) Revolutionary party (c) Agency of British government (d) International organisation	1										
Q9.	Which one of the following is not a natural agent of soil erosion? (a) Deforestation (b) Wind (c) Water (d) Glacier	1										
Q10.	Identify the odd one out. (a) The London Times (b)Somprakash (c) Amrita Bazar Patrika (d) Kesari	1										
Q11.	Arrange the following events in chronological order. I. MorleyMinto reform II. Formation of Indian National Congress III. The Government of Indian act (a) I,II,III (b) II,I,III. (c) III,II,I	1										

Q12	Maintenance of lakes and ponds is essential for a) increasing surface water runoff c) increasing water table b) Increasing soil fertility. d) recycling of water	1
13.	Two statements are marked as Assertion A and Reason R .Choose the correct answer from the options out of the following:(Q.No.13 to 15) a) Both A and R are true and R is the correct explanation of A. b) Both A and R are true and R is not the correct explanation of A. c) A is correct but R is incorrect. d) A is incorrect but R is correct Assertion (A): Sustainable development is the need of the hour. Reasons (R): Sustainable development meets the needs of the present without compromising the needs of future generations Ans:	1
Q14.	Assertion (A): The study of land use pattern is important for economic planning of a nation . Reasons (R): The availability of land on earth is limited. Ans:	1
Q15.	Assertion (A): The architectural style of old building, artefact and people of that period also tell us about the tales of the past. Reasons (R): Wikipedia is free online encyclopedia. Ans:	1
Q16.	Define land use pattern. Ans:	1
Q17.	In which forms is freshwater is found on the earth surface? Ans:	1
Q18.	Renewable resources are also known as inexhaustible resources. Resources, which can be renewed either naturally or by human efforts, are known as renewable resources, for example, solar energy, air and water. Some of the renewable resources are always available and do not get exhausted by human activities, for example, solar and wind energy. The quality of these resources can be affected by improper usage.	
Q18.1	Define conservation. Ans:	1
Q18.2	Why all biotic resources are known as renewable resources? Ans:	1
Q18.3	USA is known as developed country. Justify this statement. Ans:	1

Set-B

Time: 50 min.

M.M. : 20

Name: _____

Class: _____

Roll no: _____

Q.No.	Questions	Marks										
Q1.	Which is the correct reason for African countries being less developed? a) Most of the people are illiterate and unskilled b) The workforce is uneven c) Country is rich in resources d) None of above	1										
Q2.	Match names given in column A with the related information given in Column B and choose the correct option given below as the answer. <table border="1" style="width: 100%;"><thead><tr><th>Column A</th><th>Column B</th></tr></thead><tbody><tr><td>I. Loose material</td><td>a) Rivers</td></tr><tr><td>II. Human factors</td><td>b) Density of population</td></tr><tr><td>III. Surface water</td><td>c) Soil</td></tr><tr><td>IV. Soil erosion</td><td>d) Mining</td></tr></tbody></table> <p>A) I-c ,II-b ,III-a ,IV-d C) II-a ,I-b ,III-c ,IV-d B) III-a ,I-b ,II-d ,I-c D) IV-d ,III-b ,II-a ,I-c</p>	Column A	Column B	I. Loose material	a) Rivers	II. Human factors	b) Density of population	III. Surface water	c) Soil	IV. Soil erosion	d) Mining	1
Column A	Column B											
I. Loose material	a) Rivers											
II. Human factors	b) Density of population											
III. Surface water	c) Soil											
IV. Soil erosion	d) Mining											
Q3.	In which one of the following cities Victoria Memorial is located? a) Kolkata b) Mumbai c) Delhi d) Haryana	1										
Q4.	Identify the pair from the following which is correctly matched. (a) Coal-Exhaustible resources (b) Solar energy—Exhaustible resource (c) Birds-Man Made (d) Wind energy-Non-renewable resource	1										
Q5.	Where is Gandhi Smriti located? Ans:	1										
Q6.	What type of source of information does the Digital South Asia Library provide? (a) Administrative reports (b) letters (c) Internet databases (d) Newspaper	1										
Q7.	The call “You give me blood ,I’ll give you freedom’ was given by- (a) Subash Chandra Bose (b) Lala Lajpat Rai (c) Gopal Krishna Gokhale (d) Bal Gangadhar Tilak	1										
Q8.	Which one of the following is not a natural agent of soil erosion? (a) Deforestation (b) Wind (c) Water (d) Glacier	1										
Q9.	Identify the odd one out. (a) The London Times (b) Anandmath (c) Unhappy Indians (d) My Experiments with Truth	1										
Q10.	Arrange the following events in chronological order. I. Report on survey II. Report of Simon Commission III. The Government of India act (a) I,II,III (b) II,I,III. (c) III,II,I	1										
Q11.	Maintenance of lakes and ponds is essential for a) increasing surface water runoff c) increasing water table b) Increasing soil fertility. d) recycling of water	1										

Q12.	Correct and rewrite the statement. Maintenance of lakes and ponds is essential for decreasing water table. Ans:	
Q13.	Two statements are marked as Assertion A and Reason R .Choose the correct answer from the options given below: (Q.no.13 to 15) a) Both A and R are true and R is the correct explanation of A. b) Both A and R are true and R is not the correct explanation of A. c) A is correct but R is incorrect. d) A is incorrect but R is correct. Assertion (A): Soil is the immense value to the farmers . Reasons (R): Agriculture production is mainly dependent upon the fertility of soil. Ans :	1
Q14.	Assertion (A): Floods should be avoided by building dams across the rivers . Reasons (R): The availability of land on earth is limited . Ans:	1
Q15.	Assertion (A): The architectural style of old building, artefact and people of that period also tell us about the tales of the past. Reasons (R): It throw light on life of the people and condition that existe Ans:	1
Q16.	Identify any one ecological problem caused by building large dams . Ans:	1
Q17.	Define Terrace farming? Ans:	1
Q18.	Renewable resources are also known as inexhaustibleresources. Resources, which can be renewed either naturally or by human efforts, are known as renewable resources, forexample, solar energy, air and water. Some of the renewableresources are always available and do not get exhausted byhuman activities, for example, solar and wind energy. The quality of these resources can be affected by improper usage.	
Q18.1	Define abiotic resources. Ans:	1
Q18.2	There is an urgent need for resource planning. Justify this statement Ans:	1
Q18.3	Highlight any one advantage of sustainable lifestyle. Ans:	1

Class :VIIIth

Set-A

Subject :Social-Science

Time: 1 hr.

M.M. : 20

General Instructions:-

I. All questions are compulsory.

Q.No.	Questions	Marks										
Q1. Ans.	The resources which takes millions of years to renew are known as- Non - Renewable resources	1										
Q2. Ans.	Match names given in column A with the related information given in Column B and choose the correct option given below as the answer. <table border="1"><thead><tr><th>Column A</th><th>Column B</th></tr></thead><tbody><tr><td>I. Bal Gangadhar Tilak</td><td>a) AnandMath</td></tr><tr><td>II. Subhash Chandra Bose</td><td>b) You give me blood I will give to you freedom</td></tr><tr><td>III. Mahatma Gandhi</td><td>c) Vernacular paper Kesari</td></tr><tr><td>IV. BankimChandraChattopadhyay</td><td>d) My experiments with truth</td></tr></tbody></table> A) I-c ,II-b ,III-d ,IV-a	Column A	Column B	I. Bal Gangadhar Tilak	a) AnandMath	II. Subhash Chandra Bose	b) You give me blood I will give to you freedom	III. Mahatma Gandhi	c) Vernacular paper Kesari	IV. BankimChandraChattopadhyay	d) My experiments with truth	1
Column A	Column B											
I. Bal Gangadhar Tilak	a) AnandMath											
II. Subhash Chandra Bose	b) You give me blood I will give to you freedom											
III. Mahatma Gandhi	c) Vernacular paper Kesari											
IV. BankimChandraChattopadhyay	d) My experiments with truth											
Q3. Ans.	In which one of the following cities Victoria Terminus is located? Mumbai	1										
Q4. Ans.	Amrita bazar Patrika was originally published in which language out of the following Vernacular languages (c) Bengali	1										
Q5. Ans.	Identify the pair from the following which is correctly matched. (b) Hirakud dam - India	1										
Q6. Ans.	Which of the following statement is incorrect regarding Gandhi Smriti.? (a) Gandhi Smriti has a library with around 600 books.	1										
Q7. Ans.	What type of source of information does the Digital South Asia Library provide? (c)Internet databases	1										
Q8	The East India Company was established as- (a) Trading company	1										
Q9. Ans.	Which one of the following is not a natural agent of soil erosion? (a) Deforestation	1										
Q10. Ans.	Identify the odd one out. (a) The London Times	1										
Q11. Ans.	Arrange the following events in chronological order. I. MorleyMinto reform II. Formation of Indian National Congress III. The Government of Indian act (b)II,I,III.	1										
Q12 Ans.	Maintenance of lakes and ponds is essential for c) increasing water table	1										
Q13.	Two statements are marked as Assertion A and Reason R .Choose the correct	1										

	<p>answer from the options given below: Assertion (A): Sustainable development is the need of the hour. Reasons (R): sustainable development meets the needs of the present without compromising the needs of future generations.</p> <p>a) Both A and R are true and R is the correct explanation of A. b) Both A and R are true and R is not the correct explanation of A. c) A is correct but R is incorrect. d) A is incorrect but R is correct.</p> <p>Ans. a) Both A and R are true and R is the correct explanation of A.</p>	
Q14.	<p>Two statements are marked as Assertion A and Reason R .Choose the correct answer from the options given below: Assertion (A):The study of land use pattern is important for economic planning of a nation . Reasons (R):The availability of land on earth is limited .</p> <p>a) Both A and R are true and R is the correct explanation of A. b) Both A and R are true and R is not the correct explanation of A. c) A is correct but R is incorrect. d) A is incorrect but R is correct</p> <p>Ans. a)Both A and R are true and R is the correct explanation of A.</p>	1
Q15.	<p>Two statements are marked as Assertion A and Reason R. choose the correct answer from the options that follow: Assertion (A): The architectural style of old building, artefact and people of that period also tell us about the tales of the past. Reasons (R): Wikipedia is free online encyclopedia.</p> <p>a) Both A and R are true and R is the correct explanation of A. b) Both A and R are true and R is not the correct explanation of A. c) A is correct but R is incorrect. d) A is incorrect but R is correct</p> <p>Ans. b) Both A and R are true and R is not the correct explanation of A.</p>	1
Q16.	<p>Define land use pattern.</p> <p>Ans. The land is use for various purposes such as for cultivation of crops,building of houses,roads etc.</p>	1
Q17.	<p>In which forms is freshwater is found on the earth surface?</p> <p>Ans. Most of the fresh water on the earth surface is found in the rivers,streams,lakes,ponds,icecaps etc.</p>	1
Q18.	<p>Renewable resources are also known as inexhaustiblresources. Resources, which can be renewed either naturallyor by human efforts, are known as renewable resources, forexample, solar energy, air and water. Some of the renewableresources are always available and do not get exhausted byhuman activities, for example, solar and wind energy. Thequality of these resources can be affected by improper usage.</p>	1x3=3
I.	<p>Define conservation.</p> <p>Conservation means using resources carefully and giving them to get renewed.</p>	
II.	<p>Why all biotic resources are known as renewable resources?</p> <p>All biotic resources are known as renewable resources because they have capacity</p>	

	to reproduce and regenerate.	
III.	USA is known as developed country. justify this statement. USA is known as developed country because it is technologically advanced and economically self-sufficient.

Column A	Column B											
I. Loss material	a) Rivers											
II. Human factors	b) Density of population											
III. Surface water	c) Soil											
IV. Soil erosion	d) Mining											
Q3.	In which one of the following cities Victoria Memorial is located? a) Kolkata	1										
Q4.	Identify the pair from the following which is correctly matched. (a) Coal-Exhaustible resources	1										
Q5.	Where is Gandhi Smriti located? (a) Gandhi Smriti is located near Rajghat.	1										
Q6.	What type of source of information does the Digital South Asia Library provide? (c) Internet databases	1										
Q7.	The call "You give me blood ,I'll give you freedom' was given by- (a) Subash Chandra Bose	1										
Q8.	Which one of the following is not a natural agent of soil erosion? (a) Deforestation	1										
Q9.	Identify the odd one out. (a) The London Times	1										
Q10.	Arrange the following events in chronological order. I. Report on survey II. Report of Simon Commission III. The Government of India act (a) I,II,III	1										
Q11	Maintenance of lakes and ponds is essential for c) Increasing water table	1										
Q12.	Correct and rewrite the statement Maintenance of lakes and ponds is essential for <u>decreasing water table</u> . Increasing water table											

Q13	<p>Two statements are marked as Assertion A and Reason R .Choose the correct answer from the options given below:</p> <p>Assertion (A):Soil is the immense value to the farmers .</p> <p>Reasons (R): Agriculture production is mainly dependent upon the fertility of soil.</p> <p>a) Both A and R are true and R is the correct explanation of A.</p> <p>b) Both A and R are true and R is not the correct explanation of A.</p> <p>c) A is correct but R is incorrect.</p> <p>d) A is incorrect but R is correct.</p> <p>a)Both A and R are true and R is the correct explanation of A.</p>	1
13.	<p>Two statements are marked as Assertion A and Reason R .Choose the correct answer from the options given below:</p> <p>Assertion (A):Floods should be avoided by building dams across the rivers .</p> <p>Reasons (R):The availability of land on earth is limited .</p> <p>a) Both A and R are true and R is the correct explanation of A.</p> <p>b) Both A and R are true and R is not the correct explanation of A.</p> <p>c) A is correct but R is incorrect.</p> <p>d) A is incorrect but R is correct</p> <p>a)Both A and R are true and R is not the correct explanation of A.</p>	1
Q14.	<p>Two statements are marked as Assertion A and Reason R. choose the correct answer from the options that follow:</p> <p>Assertion (A): The architectural style of old building, artefact and people of that period also tell us about the tales of the past.</p> <p>Reasons (R): It throw light on life of the people and condition that existed.</p> <p>a) Both A and R are true and R is the correct explanation of A.</p> <p>b) Both A and R are true and R is not the correct explanation of A.</p> <p>c) A is correct but R is incorrect.</p> <p>d) A is incorrect but R is correct</p> <p>a)Both A and R are true and R is the correct explanation of A.</p>	1
Q15.	<p>Identify any one ecological problem caused by building large dams .</p> <p>Extensive forests submerged under water</p> <p>Aquatic life gets affected</p>	1
Q16.	<p>Define Terrace farming?</p> <p>Terrace farming means growing of crops on level steps or terraces constructed on hill sides.</p>	1
Q17.	<p>Renewable resources are also known as inexhaustiblresources. Resources, which can be renewed either naturally or by human efforts, are known as renewable resources, forexample, solar energy, air and water. Some of the renewablresources are always available and do not get exhausted byhuman activities, for example, solar and wind energy. The quality of these resources can be affected by improper usage.</p>	1x3=3
Q18.I	<p>Define abiotic resources.</p> <p>All non –living resources are known as abiotic resources.</p>	
II	<p>There is an urgent need for resource planning.Justify this statement.</p> <p>There is an urgent need for resource planning because resources are depletioning fastly.</p>	

III	Highlight any one advantage of sustainable lifestyle. After fulfilling our present requirements we can conserve resources for future generations.
