SUMMER VACATION PLAN 2025-26

UKG

Dear Parents,

We should always remind ourselves that "children will not remember us for the gifts we shower upon them but will always cherish the time you spend with your little ones"

Summer vacations are an ideal opportunity for you to spend quality time with your child and develop his/her skills. Keeping this in mind, our teachers have designed fun-filled and engaging activities to revise, learn concepts and to involve in meaningful pursuits that will enhance their comprehension, reasoning skill, values and habits required for real life.

Having this mindset we have designed bunch of productive activities. It will foster curiosity, develop creativity, enhance knowledge and instill the joy of learning among them
