HOLIDAY HOMEWORK

SESSION 2025-26

CLASS -VI

Month of May brought long, hot days,
And now we have our summer holiday
Summer holidays mean no to school,
Waking up late with no set rule.
Little home work, easy to be done,
Lesser studies and lot's of fun.
Playing and talking and watching cartoon,
Fun continues till the end of June.
Beautiful time comes once in a year,
Summer holidays are best days ever.

HOLIDAYS HOMEWORK

SESSION (2025-26)

CLASS-VI

Dear students

“Learning is the beginning of health.

Learning is the beginning of wealth.

Learning is the beginning of spirituality.

Searching and learning is where the miracle process all begins.”

The most awaited vacation is about to begin!! Summer vacation brings easy mornings, relaxing afternoons and playful evenings. It also brings a good time to plunge into the sea of imagination and creativity. So, let's get ready to learn something new every day.

Vacations have a charm of their own. We can strive to make our vacations not only fun filled but also sustainable and eco-friendly.

LET'S GO GREEN

So, we are sharing a green homework checklist:

- *Make sure that you do not litter the hills and beaches.*
- *Observe keenly the flora and fauna of the place you visit.*
- *Interact with locals like boatmen, farmers, fishermen, porters to know more about the region.*
- *Collect locally made souvenirs to encourage craftsmen.*
- *Try to visit unexplored places and hike on nature trails.*
- *Try to sample local cuisine.*

- *Schedule your time for activities so that there is no piling up for the last moment. Holiday homework should be your authentic creative work.*

ENGLISH

Summer holidays are a wonderful time to relax, spend time with family, and explore new hobbies. To help you stay connected with learning, this holiday homework includes a variety of enjoyable and enriching activities. It is designed to revise key concepts, spark creativity, and make learning fun during your break.

General Science

A Green Future for Sustainability

A green future for sustainability aims to create a balanced planet by aligning human needs with the environment's capacity to renew and heal itself. To achieve this, we must adopt practices such as recycling, reducing waste, and using eco-friendly products.

Keeping this in mind, we have prepared the following holiday homework:

Holiday Homework Activities:

Roll no.1–10: Wonders from E-scrap: - Use electronic waste like old charger, CD, wire etc to make model, toy, robot or piece of art.

Roll no.11–20: Green Quiz Board (Game): - Use cardboard to create quiz board with pockets or flaps or even snake and ladder game.

Write ecofriendly questions and enjoy the game.

Roll no.21–30: Rainwater Harvesting Model

A small working model showing how rainwater can be collected and reused to promote water conservation awareness.

Roll no.31 onwards: Five Friendly Habits for a Sustainable Lifestyle (Anchor Chart):-

Make an anchor chart by attaching atleast five A-4 size sheets with ribbons and write five friendly habits for sustainable lifestyle and also paste pictures.
