PERIODIC TEST-II/MID- TERM EXAMINATION
SESSION: 2022 – 2023

Class: VII

- Question number 4 and 6 have internal choices. Attempt any one from each question.
- Number your answers correctly.
- Handwriting must be clear and legible.

SECTION A: READING (20 MARKS)

1. Read the passage given below and answer the questions that follow:

- (1) The morning after my teacher came; she led me into her room and gave me a doll. The little blind children at the Perkins Institution had sent it and Laura Bridgman had dressed it, but I did not know this until afterwards. When I had played with it a little while, Miss Sullivan slowly spelled into my hand the word d-o-l-l. I was at once interested in this finger play and tried to imitate it. When I finally succeeded in making the letters correctly, I was flushed with childish pleasure and pride.
- (2) Running downstairs to my mother, I held up my hand and made the letters for the doll. I did not know that I was spelling a word or even that word existed; I was simply making my fingers go in monkey-like imitation. In the days that followed, I learned to spell in this uncomprehending way a great many words, among them were 'cup' and a few verbs like 'sit', 'stand' and 'walk', but my teacher had been with me several weeks before I understood that everything has a name.
- (3) One day while I was playing with my new doll, Miss Sullivan put my big rag doll into my lap, also spelled, d-o-l-l, and tried to make me understand that d-o-l-l applied to both. Earlier in the day, we had had a tussle over the words m-u-g and w-a-t-e-r.
- (4) Miss Sullivan had tried to impress upon me that m-u-g is a mug and that w-a-t-e-r is water, but I persisted in confounding the two. In despair, she had dropped the subject for the time, only to renew it at the first opportunity. I became impatient at her repeated attempts and seizing the new doll, I dashed it upon the floor.

(1×5=5)

Whose woods these are I think I know.
His house is in the village though;
He will not see me stopping here
To watch his woods, fill up with snow.

My little horse must think it queer
To stop without a farmhouse near
Between the woods and frozen lake
The darkest evening of the year.

He gives his harness bells a shake
To ask if there is some mistake.
The only other sound's the sweep
Of easy wind and downy flake.

The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep.

On the basis of your reading and understanding of the above poem complete the following sentences in your own words:

They have appealed mankind from generation to generation. Reading of such books has ennobling influence on our mind and character. It gives us spiritual enjoyment. 1. प्रस्तुत गद्यांश को ध्यानपूर्वक पढ़कर पूछे गए प्रश्नों के उत्तर दीजिए-

एक अच्छा वक्ता अपार जनसमूह का मन मोह लेता है, मित्रों के बीच सम्मान और प्रेम का केंद्र-बिंदु बनता है। बोलने का विवेक, बोलने की कला और वाक्-पटुता व्यक्ति की शोभा है, उसका आकर्षण है। जो लोग अपनी बात को राई का पहाड़ बनाकर प्रस्तुत करते हैं, वह एक ओर जहाँ सुनने वालों के धैर्य की परीक्षा लिया करते हैं, वही अपना और दूसरे का समय भी अकारण नष्ट करते हैं। विषय से हटकर बोलने वाले और अपनी बात को अकारण खींचे चले जाने वालों से लोग ऊब जाते हैं। वाणी का अनुशासन, वाणी का संयम और संतुलन तथा वाणी की मिठास ऐसी शक्ति है, जो हर कठिन स्थिति में हमारे अनुकूल ही रहती है, जो मरने के पश्चात् भी लोगों की स्मृतियों में हमें अमर बनाए रखती है। हाँ, बहुत कम बोलना या सदैव चुप लगाकर बैठे रहना भी बुरा है। यह हमारी प्रतिभा और तेज को कुंठित कर देता है। अतः कम बोलो, सार्थक और हितकर बोलो। यही वाणी का तप है।

A magnitude of 7.8 earthquake struck Nepal on April 25, 2015, toppling multi-storied buildings in Kathmandu, the capital, and creating landslides and avalanches in the Himalayan Mountains. Nearly 9,000 people died and more than 22,000 suffered injuries. It was the deadliest earthquake in the seismically active region in 81 years.
The quake was followed by hundreds of aftershocks, and only 17 days later, there was another major quake, a magnitude 7.3 temblor. Thirty-nine of the nation's 75 districts with a population of 8 million people — about a third of the national population — were affected. Hundreds of thousands of people lost everything and faced extreme poverty. More than 600,000 homes were destroyed and more than 288,000 were damaged in the 14 worst-hit districts. The quakes' strongest impact was in remote rural areas, making the response extremely challenging.
Humanitarian organizations responded quickly to the disaster with search and rescue teams and immediate aid deliveries. Work is still underway to rebuild schools, health clinics, houses, livelihoods, and to help families and communities gain more resilience to environmental shocks.
